Siderurgica Sevillana
COOKIE POLICY

1. USE OF COOKIES

USE OF COOKIES BY THE WEBSITE HTTP://WWW.SIDERURGICASEVILLANA.COM/ES/

This website uses cookies. The cookies are files sent to a browser by means of a web server to record the activities of the User in a website or services of the websites of SIDERÚRGICA SEVILLANA (hereinafter the services). The cookies are used to facilitate faster access to selected services, and customise the services offered by the websites of SIDERÚRGICA SEVILLANA based on the user's usual choices and preferences when making use of the services.

The cookies are associated with an anonymous user and their computer and do not collect personal data. The user can configure their browser not to allow the installation of cookies used by the websites of SIDERÚRGICA SEVILLANA without the user being prevented from accessing the services by the rejection of the services, but not allowing the installation of cookies. In this case, you can lower the speed and quality of operation of the website, or even prevent any of the services from being used.

CLASSIFICATION OF COOKIES ACCORDING TO THEIR DURATION:
- "Session Cookies" or "Persistent Cookies": the former are deleted when the browser is closed, while the latter remain on the computer.
- "First-party Cookies" or "Third-party Cookies": depending on whether they are served by the web domain itself, or to a third party.

CLASSIFICATION OF COOKIES ACCORDING TO THEIR PURPOSE:
User input cookies or session cookies: Used for logins, shopping baskets, etc.

- Authentication cookies: Identify the user once they log in to the system.
- User centric security cookies: Cookies aimed at increasing the security of a service requested by the user, such as controlling security by repeatedly attempting to access a login system.
- Multimedia Player session cookies (Flash Cookies): The following are used to store technical data needed to play video or audio (such as image quality or network speed).
- Load balancing session cookies: These cookies would only store information about connection points (technical cookie).
- UI customization cookies: hey are usually used to customise the appearance of the website (language, etc.).
- Social plug-in content sharing cookies: The networks social partners are often provided with "plug-in modules" that website headlines can integrate in their platform so that users of social networks can share contents with their contacts. These plug-ins usually involve the installation of cookies on users' computers.
- Third party advertising: Cookies used for third party ad networks.

- Analytical Cookies: They generate statistics on visitor flow, browsing patterns, etc.
- Cookies analíticas: generan estadísticas sobre flujo de visitantes, patrones de navegación, etc.
- AddThis
- Cookies to link content and share files on social networks. They provide us with information about which content is shared most and through which social networks.
- Google Analytics

Each time a user visits a service, a tool from an external provider (Google Analytics) provides a web analytics service. This service is provided by Google, Inc., a company located at 1600 Amphitheatre Parkway, Mountain View (California), CA 94043, United States.

Google uses cookies, by means of which it carries out statistical analyses on the Website. The information collected by the cookies (including the IP address) is managed and stored by Google on its servers in the United States.

Google uses this information and provides SIDERÚRGICA SEVILLANA with statistical data on the use of the website, and may transmit this information to third parties in the specific legal cases collected, or when such third parties process the information on Google's behalf. Google will not associate your IP address with any other data held by Google. The purpose of these cookies is:

- To know the number of visitors, and the time of navigation in our website.
- To know the most visited content.
- To know if the user is new or has visited the Website before.

SIDERÚRGICA SEVILLANA reserves the right to use cookies in the user's browsing of its website to facilitate personalisation and convenience of navigation. In accordance with the company's data protection policy, we inform you that cookies are associated with the anonymous user and their computer, and do not in themselves provide the user with private data.

The user may reject the processing of data or information by rejecting the use of cookies by selecting the appropriate settings on their browser. However, you should be aware that if you do so you may not be able to use the full functionality of this website.

This website uses the Google Adwords remarketing tool. This tool makes it possible to publish on the Google Content Network ads based on previous visits of users to our website. For this purpose, some of the pages on our website include a remarketing tag that configures cookies to determine the type of ad that will be shown to the user based on the navigation made through the website. Remarketing lists are stored in a database on Google servers, where all cookie IDs associated with each list or category of interest are stored; information that identifies the user is never stored.

This website uses Google Analytics, a web analytics service, which uses cookies, provided by Google, Inc., a Delaware company whose principal office is at 1600 Amphitheatre Parkway, Mountain View (California), CA 94043, United States ("Google"). Google Analytics uses cookies to help a website analyse how users use the website. The information generated by the cookie about your use of the website (including your IP address) will be transmitted to and stored by Google on servers in the United States.

By using this website, you consent to the processing of information about you by Google in the manner and for the purposes set out above. You can disable the use of Google cookies through the privacy settings of your browser, in the links that are explained later in this "Cookie Policy".

2. TYPES, PURPOSE AND FUNCTIONING OF THE COOKIES USED ON THE WEBSITE

The cookies that are currently used on the website are:

NAME OF THE COOKIE	1ST PARTY OR 3RD PARTY	PURPOSE	DATE OF EXPIRATION	DOES IT INVOLVE ACCESS TO PERSONAL DATA?	TYPE OF COOKIE
